Letter for Parents and Carers

Dear Parent/Carer,

All pupils at Boughton-under-Blean and Dunkirk Methodist Primary School use computer facilities and internet access, as an essential part of learning as required by the National Curriculum. Your child will have the opportunity to access a wide range of information and communication technology (ICT) resources. This includes access to:

- Computers, laptops and other digital devices
- Internet which may include search engines and educational websites
- Email
- Digital cameras, web cams and video cameras

Boughton-under-Blean and Dunkirk Methodist Primary School recognises the essential and important contribution that technology plays in promoting children's learning and development, believe it and offers a fantastic range of positive activities and experiences. We do recognise however that this can bring risks. We take your child's online safety seriously and, as such, will take all reasonable precautions, including monitoring and filtering systems, to ensure that pupils are safe when they use our internet and systems.

We recognise however that no technical system can replace online safety education and believe that children themselves have an important role to play in developing responsible behaviour. In order to support the school in developing your child's knowledge and understanding about online safety, we request that you read the attached Acceptable Use Policy with your child, discuss the content with them and return the attached slip.

For parents of pupils in Yr, Y1 and Y2, we understand that your child is too young to give informed consent on his/ her own; however, we feel it is good practice to involve them as much as possible in the decision making process, and believe a shared commitment is the most successful way to achieve this.

Hopefully, you will also find this Acceptable Use Policy provides you with an opportunity for conversations between you and your child about safe and appropriate use of the technology, both at school and at home.

We request that all parents support our approach to online safety by role modelling safe and positive online behaviour and by discussing online safety whenever children access technology at home. Parents can visit the school website's www.bad.kent.sch.uk for more information about our approach to online safety. Full details of the school's online safety policy are available on the school website or on request. Yours sincerely,

Letter for Staff

Dear

At Boughton-under-Blean and Dunkirk Methodist Primary School we recognise that staff can be vulnerable to online risks. Social media can blur the definitions of personal and working lives; it is important that all members of staff at Boughton-under-Blean and Dunkirk Methodist Primary School take precautions in order to protect themselves both professionally and personally online. With this in mind, we request that all members of staff:

- Are conscious of their own professional reputation and that of the school when online.
 - All members of staff are strongly advised in their own interests, to take steps to ensure that their personal information and content is not accessible to anybody who does not or should not have permission to access it.
 - Content shared online cannot be guaranteed to be “private” and could potentially be seen by unintended audiences. This can have consequences including civil, legal and disciplinary action being taken.
- Are aware that as professionals, we must ensure that the content we post online does not bring the school or our professional role into disrepute, and does not undermine professional confidence in our abilities.
 - The teaching standards state that as professionals we should be achieving the highest possible standards in our conduct, act with honesty and integrity and forge positive professional relationships.
- All Staff be careful when publishing any information, personal contact details, video or images online.
 - It is very important to be aware that sometimes content shared online, even in jest, can be misread, misinterpreted or taken out of context, which can lead to complaints or allegations being made. Don't be afraid to be yourself online, but do so respectfully.
 - Ensure that the privacy settings of the social media sites that you use are set appropriately and public access to be restricted
 - Ask yourself if you would feel comfortable about a current or prospective employer, colleague, child in your care or their parent/carer, viewing or sharing your content. If the answer is no, then consider if it should be posted online at all.
- Do not accept pupils (past or present) or their parents/carers as “friends” on a personal account.
 - You may be giving them access to your personal information and allowing them to contact you inappropriately through unregulated channels. They may also be giving you access to their personal information and activities which could cause safeguarding concerns.
 - If you have a pre-existing relationship with a child or parent/carer that may compromise this or have any queries or concerns, please speak to the Designated Safeguarding Lead (Jo Godfrey).
- Always use a work provided email address or phone number to contact children and parents – this is essential in order to protect yourself as well as the wider community.
- If you are concerned about a child's wellbeing or online behaviour then please speak to the Designated Safeguarding Lead (Jo Godfrey). If you are targeted online by a member of the community or are concerned about a colleague, then please speak to the headteacher and/or chair of governors (Mrs J Boyle).

- If you are unhappy with the response you receive, or do not feel able to speak to the Designated Safeguarding Lead, headteacher or chair of governors then we request you follow our Whistleblowing procedure (available on the policy list on KLZ.)

The principles and guidelines below set out the standards of behaviour expected of you as an employee of the school. If you are participating in online activity as part of your capacity as an employee of the school then we request that you:

- Be professional and remember that you are an ambassador for the school. Disclose your position but always make it clear that you do not necessarily speak on behalf of the school.
- Be responsible and honest at all times and consider how the information you are publishing could be perceived
- Be credible, accurate, fair and thorough.
- Always act within the legal frameworks you would adhere to within school, including libel, defamation, confidentiality, copyright, data protection as well as equalities laws.
- Be accountable and do not disclose information, make commitments or engage in activities on behalf of the school unless you are authorised to do so.
- Always inform your line manager, the designated safeguarding lead and/or the headteacher of any concerns such as criticism or inappropriate content posted online.

Documents called “Cyberbullying: Supporting School Staff”, “Cyberbullying: advice for headteachers and school staff” and “Safer professional practise with technology” are available in the staffroom or on the T Drive to help you consider how to protect yourself online.

Please photocopy them if you want or download the documents directly from:

- www.childnet.com,
- www.e-safety.org.uk
- www.gov.uk/government/publications/preventing-and-tackling-bullying
- www.saferinternet.org.uk

Additional advice and guidance for professionals is available locally through the Education Safeguarding Team or nationally through Professional Unions and/or the Professional Online Safety helpline www.saferinternet.org.uk/about/helpline

I would like to remind all staff of our Acceptable Use Policy and the importance of maintaining professional boundaries online. Failure to follow this guidance and the school code of conduct could lead to disciplinary action; it is crucial that all staff understand how to protect themselves online.

Please speak to your line manager, the Designated Safeguarding Lead (Jo Godfrey) or myself if you have any queries or concerns regarding this.

Yours sincerely,

Headteacher

Staff Acceptable Use Policy

As a professional organisation with responsibility for safeguarding it is important that staff take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. All members of staff have a responsibility to use the school's computer system in a professional, lawful, and ethical manner. To ensure that members of staff are fully aware of their professional responsibilities when using technology, they are asked to read and sign this Acceptable Use Policy.

This is not an exhaustive list; all members of staff are reminded that IT use should be consistent with the school ethos, school policies, national/local guidance and expectations, and the Law.

1. I understand that Information Systems and IT include networks, data and data storage, online and offline communication technologies and access devices. Examples include laptops, mobile phones, tablets, digital cameras, email and social media sites.
2. School owned information systems must be used appropriately. I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.
3. I understand that any hardware and software provided by my workplace for staff use can only be used by members of staff and only for educational use. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or locking my login as appropriate. I will protect the devices in my care from unapproved access or theft.
4. I will respect system security and I will not disclose any password or security information. I will use a 'strong' password; a strong password has numbers, letters and symbols, with 8 or more characters, does not contain a dictionary word and is only used on one system and is changed regularly.
5. I will not attempt to install any purchased or downloaded software, including browser toolbars, or hardware without permission from the system manager.
6. I will ensure that any personal data of pupils, staff or parents/carers is kept in accordance with the Data Protection Act 1998.
 - o This means that all personal data will be obtained and processed fairly and lawfully, only kept for specific purposes, held no longer than necessary and will be kept private and secure with appropriate security measures in place, whether used in the workplace, hosted online or accessed remotely.
 - o Any data which is being removed from the school site (such as via email or on memory sticks or CDs) will be encrypted by a method approved by the school.
 - o Any images or videos of pupils will only be used as stated in the school image use policy (www.bad.kent.sch.uk) and will always take into account parental consent.
7. I will not keep or access professional documents which contain school-related sensitive or personal information, including images, files, videos and emails, on any personal devices, such as laptops, digital cameras, and mobile phones. Where possible I will use the School Learning Platform to upload any work documents and files.
8. I will not store any personal information on the school computer system including any school laptop or similar device issued to members of staff that is unrelated to school activities, such as personal photographs, files or financial information.
9. I will respect copyright and intellectual property rights.

10. I have read and understood the school online safety policy which covers the requirements for safe IT use, including using appropriate devices, safe use of social media websites and the supervision of pupils within the classroom and other working spaces. Copies are available at the school office or on the school website (www.bad.kent.sch.uk)
11. I will immediately report any illegal, inappropriate or harmful material or incidents I become aware of, to the Designated Safeguarding Lead (Jo Godfrey) as soon as possible.
12. I will not attempt to bypass any filtering and/or security systems put in place by the school. If I suspect a computer or system has been damaged or affected by a virus or other malware, or if I have lost any school related documents or files, then I will report this to the ICT Support Provider (EiS Technician) as soon as possible.
13. My electronic communications with current or past pupils, parents/carers and other professionals will take place within clear and explicit professional boundaries, and will be transparent and open to scrutiny at all times.
 - o All communication will take place via school approved communication channels such as a school provided email address or telephone number, and not via personal devices or communication channels, such as personal email, social networking or mobile phones.
 - o Any pre-existing relationships or situations that may compromise this will be discussed with the Designated Safeguarding Lead (Jo Godfrey) and/or headteacher.
14. I will ensure that my online reputation and use of IT and information systems are compatible with my professional role, whether using school or personal systems. This includes the use of email, text, social media, social networking, gaming and any other devices or websites.
 - o I will take appropriate steps to protect myself online as outlined in the Online Safety Policy and will ensure that my use of IT and the internet will not undermine my professional role, interfere with my work duties and will be in accordance with the school code of conduct and the Law.
15. I will not create, transmit, display, publish or forward any material online that is likely to harass, cause offence, inconvenience or needless anxiety to any other person, or anything which could bring my professional role, the school, or the County Council, into disrepute.
16. I will promote online safety with the pupils in my care and will help them to develop a responsible attitude to safety online, system use and to the content they access or create.
17. If I have any queries or questions regarding safe and professional practise online either in school or off site, then I will raise them with the Designated Safeguarding Lead (Jo Godfrey) and/or the headteacher.
18. I understand that my use of the school information systems, including any devices provided by the school, school internet and school email may be monitored and recorded to ensure the safety of children and staff and to ensure policy compliance. This monitoring will be proportionate and will take place in accordance with data protection, privacy and human rights legislation.
19. I understand that the school may exercise its right to monitor the use of information systems, including internet access and the interception of emails, in order to monitor policy compliance. Where it believes unauthorised and/or inappropriate use or unacceptable or inappropriate behaviour may be taking place, the school may invoke its disciplinary procedures. If the school suspects criminal offences have occurred, the matter will be brought to the attention of the relevant law enforcement organisation.

Wi-Fi Acceptable Use Policy

For those using school Wi-Fi

As a professional organisation with responsibility for children's safeguarding it is important that all members of the school community are fully aware of the schools boundaries and requirements when using the school Wi-Fi systems, and take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. This is not an exhaustive list and all members of the school community are reminded that ICT use should be consistent with the school ethos, other appropriate policies and the Law.

1. The school provides Wi-Fi for the school community and allows access for education use.
2. I am aware that the school will not be liable for any damages or claims of any kind arising from the use of the wireless service. The School takes no responsibility for the security, safety, theft, insurance and ownership of any device used within the School premises that is not the property of the School.
3. The use of ICT devices falls under Boughton-under-Blean and Dukirk Methodist Primary School's Acceptable Use Policy, online safety policy and behaviour policy which all students/staff/visitors and volunteers must agree to, and comply with.
4. The school reserves the right to limit the bandwidth of the wireless service, as necessary, to ensure network reliability and fair sharing of network resources for all users.
5. School owned information systems, including Wi-Fi, must be used lawfully and I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.
6. I will take all practical steps necessary to make sure that any equipment connected to the schools service is adequately secure, such as up-to-date anti-virus software, systems updates.
7. The school's wireless service is not secure, and the school cannot guarantee the safety of traffic across it. Use of the school's wireless service is done at my own risk. By using this service, I acknowledge that security errors and hacking are an inherent risk associated with any wireless network. For that reason, I expressly agree that I knowingly assume such risk, and further agree to hold the school harmless from any claim or loss arising out of, or related to, any such instance of hacking or other unauthorized use or access into my computer or device.
8. The school accepts no responsibility for any software downloaded and/or installed, e-mail opened, or sites accessed via the school's wireless service's connection to the internet. Any damage done to equipment for any reason including, but not limited to, viruses, identity theft, spyware, plug-ins or other internet-borne programs is my sole responsibility; and I indemnify and hold harmless the school from any such damage.
9. The school accepts no responsibility regarding the ability of equipment, owned by myself, to connect to the school's wireless service.
