

SPORTS DAY

Monday 30th June (weather permitting)

All welcome to come and support the children on Monday from 9.00 am. Please ensure children come to school wearing their coloured t-shirt - they will be told by Friday which colour they need to wear. Please provide sunhats and cover your child in suncream before school. Each child needs to bring in a named water bottle. Umbrellas would be great to provide shade if it is hot.

Supporters will be sitting in the middle of the field with a range of activities taking place around them. For health and safety reasons please stay within this area, however you can move around following your child(ren).

After the activity circuit, there will be a series of class races followed by a toddler and parent race. The morning of activities will culminate in a relay race involving 5 children from each class.

We will finish at approximately 12 noon with a family picnic on the field. School dinners will be served as normal and these children will then join the others on the field.

If we need to cancel due to inclement weather and conditions, the alternative date for sports day is Thursday 3th July.
