

# Red Foxes Newsletter

Welcome back!

This term is the final term in the academic year and the children's final term in Key Stage 1. We are immensely proud of the progress the children have made so far this year and we know that they will continue to shine in their final term.

Sam Holness & Andrea Richardson

## South Foreland Lighthouse

As part of their learning on coasts, on Wednesday 18<sup>th</sup> June, the children will be visiting South Foreland Lighthouse in St Margarets.

The trip will include a visit to the lighthouse and a story teller session in the Pines Calyx Gardens.

Please note that the children are expected to return at 3:30 so will need to be collected at this time as opposed to 3:15.

Any parents collecting siblings are more than welcome to wait at school for us to return.

## Transition Mornings

Transition sessions are booked for later this term and children will then have the chance to meet their year 3 teacher.

At this point children do not know who this will be however they will know ahead of the transition meetings.

Please note the following dates for transition sessions:

Friday 4<sup>th</sup> July

Friday 11<sup>th</sup> July

Friday 18<sup>th</sup> July

*All sessions will be held between 9 and 11.*

## SATs

A huge well done to all year 2 children for how fabulously they performed in the recent SATs tasks. The final level the children receive has been reached alongside teacher assessments developed over the year. These final levels will be reported to you in the children's end of academic year report which you will receive later this term.

## Outline of the curriculum

### Term 6

#### Topic:

This term we will continue to focus on weather initially before moving on to learning about coasts. We will be visiting St Margarets and looking at the human and physical features of the coast line.

#### Literacy:

This term we will be looking at poetry and in particular using our senses within descriptive poetry. We will then be focusing on non-fiction writing looking at explanations and reports.

#### Maths:

Counting, addition, subtraction, multiplication, division, money, fractions, measures and time.

#### Science:

An investigative unit which is based around familiar fairy tales.
