Term 6 - 2014

Welcome back to the last term of Year 3. I can't believe that we are already here and the year is nearly complete.

This term we are learning more about mountains, in particular how the climate of mountains differ from other areas and we will also be focusing on the location of mountain ranges in Europe. Our swimming lessons are now behind us and I would encourage you to visit Faversham pool to collect the badges that your children have worked so hard towards. We were very proud of how they all improved during the 5 weeks. Please feel free to come and see myself, Sally or Anna if you have any questions.
Damon, Sally and Anna

Both sessions for PE this term will be outdoor so please make sure that the children have trainers, shorts and t-shirts named to avoid any lost property - thank

RE – Christianity

PE – Cricket and Athletics

French – Animals and Alphabet

PSHCE – Changes

It's pleasing to see from the children's reading record books how much they are reading at home which is also reflected in their assessments too! Please keep it up - it really helps them to develop as readers. The children have had their targets updated for this term and these will continue to be used by the children to refer to, particularly in their writing. Please encourage your child to talk about this and share with you what they need to continue to develop.
