

Pupil Voice News

Edition 6 December 2017

"I have enjoyed doing maths - I liked learning about multiplication. I liked decorating the foxes right at the start of the year. I also like the history we do in Year 2 - we have learnt about the Great Fire of London."
Ilse (Year 2)

"We have been doing angles in maths and World War II in History - I liked learning about evacuees. I liked going to the Dover War Tunnels and hearing about what it was like."
Emily (Year 6 Bears)

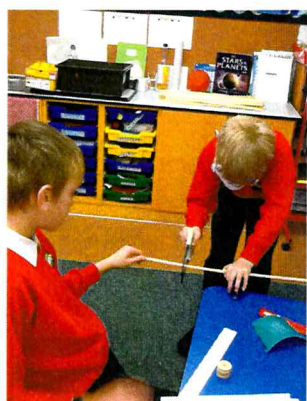

"I have really enjoyed this term. I loved literacy and maths, especially when we made 3D shapes. I also loved going to the Wake and Shake competition."
Darcey Swift (Year 6 Wolves)

"We have been reading a story about a blue penguin. The other penguins have been rude to him because he doesn't look like them. The story had a happy ending though - the other penguins went and said sorry.
We have also been learning about the gruffalo. We did a show with masks all about it!"
Ivy (Year 1)

"I really like playtime - I play football with my friend Emily. I like drawing with pencils and maths - I can count up to 18!"
Katherine (Reception)

"I enjoyed watching the Polar Express. After that we used the ideas to write to Santa to persuade him to get us a gift."
Daniel (Year 5)

"In science we've learnt about shadows and light."
Reagan (Year 3)

"I enjoyed learning new lessons and new techniques to improve my maths skills."
Presiyanna (Year 4)

"I enjoyed learning about adaptation in science because we got to listen to a song about how camels are adapted to live in the desert."
Harriet (Year 6 Bears)

"Right at the start of the year I liked writing facts about foxes. My favourite subject is maths - I like adding and taking away. We use our fingers and we use jottings to help us."
Audrey (Year 2)

"We made mosaics and we used paints and sticks. The squares are called tesserae."
Missy (Year 3)

"I have made friends with Lily B and Samuel too. I really liked Santa's workshop - we wrapped up presents and made reindeer food. We sold it at the Christmas fair."
Barnaby (Reception)

"We went to Wildwood in October. We met a cute rabbit - we can't remember her name now! It was definitely a girl though!! We also met a snake. It felt slippery, tough and hard. We touched different fur and we had to match the fur to a picture of an animal. We had a great time at Wildwood - we loved it!!
Lucas, Rose and Eliza (Year 1)

"I really enjoyed division in maths especially the bus stop method. I also like learning new methods and ways to work out. I really like doing questions mentally and I also like times tables. Maths is my favourite subject."
Jack (Year 4)

"I loved Hindleap. It wasn't just easy activities - they were challenging too. The hardest one was pioneering as we had to read a map and at one point we were lost! I liked the night we had the campfire as both classes came together."
Madeline (Year 6 Wolves)

"I enjoyed designing the moon buggies. I used a saw for the first time!"
Oliver (Year 5)
