

Year 4 Home Learning Week 2 (30.3.20)

Diary writing

Begin to write a diary each day explaining what you've done for your home learning, any exercise you've managed to do, what you had for dinner etc. and maybe something you're grateful for that day. Perhaps you could write this as a Blog using your DB Primary account and then you could add photos to it each day. Alternatively maybe you can find a separate notebook to do it in.

Easter

Complete some Easter activities from Twinkl. www.twinkl.co.uk (it is completely free for anyone to use at the moment). Type in 'Easter activities Year 4': lots of things come up that you could choose from including Easter mindfulness colouring, baskets to make, crosswords, Easter multiplication mosaics etc. If you haven't got a printer at home steal an idea and make your own activity for someone else to complete.

Design your own bedroom

You have £750 to spend to restyle your bedroom. You need to budget for new furniture as well as accessories such as lamps, rugs etc. Use the Argos website to choose everything you need!

www.argos.co.uk

Make a list of everything you buy and add up how much you spend. If you like, you could draw a plan of your new bedroom and label it.

Remember Joe Wickes is running a PE class every morning at 9am on YouTube and Mrs Fulton is doing a live video every Tuesday and Friday at 8.45am, which you can access through the school Facebook page.

Continue to use any of the suggested websites below to access additional resources.

Please log in to DB Primary if you can. Mrs Munro has emailed all the children and she would love to hear back from them. It's an ideal way to keep in touch.

Maths

Using the digits 1, 2, 3 and 4 and +, -, x and ÷ symbols make the numbers from 1 to 30. Each of the numbers has to be used every time, for example $1 + 2 + 3 + 4 = 10$.

Extension: make all the numbers up to 50.

Late for school excuses

Write a list of silly reasons you were late for school, for example:

"This morning I was late for school because James Bond knocked on the door just as I was about to leave and asked me to help on a secret mission!"

Purple Mash (a huge range of resources linked to every area of the curriculum)

Individual logins have been sent home <https://www.purplemash.com/sch/boughton-under-blean>

Scratch (a free programming language and online community where you can create your own interactive stories, games, and animations.) <https://scratch.mit.edu/>

Top Marks (Range of interactive online maths games) <https://www.topmarks.co.uk/>

Times Tables (Interactive games for times tables practice) <https://www.topmarks.co.uk/maths-games/hit-the-button>

Spelling frame (A range of games, tests and spelling practise) <https://spellingframe.co.uk/>
